

Electronic Textbook License Agreement

FUNDAMENTALS OF MODERN PHYSICS

First Edition

BY *PETER J. NOLAN*

Single-Copy License

Physics Curriculum & Instruction hereby grants you a perpetual license, free of charge, to use *Fundamentals of Modern Physics* by Peter J. Nolan textbook (hereafter referred to as “the book”). The terms of this agreement are as follows:

I. Physics Curriculum & Instruction retains full copyright and all rights to the book. No rights to the book are granted to any other entity under this agreement.

II. The user may download the book for his or her own personal use only, and may print a single copy for personal use only. A single copy of the book may be stored on the user’s computer or other electronic device.

III. The book may not be distributed or resold in any manner. Physics Curriculum & Instruction is the only entity permitted to distribute the book. All access to the book must take place through the Physics Curriculum & Instruction website.

IV. No portion of the book may be copied or extracted, including: text, equations, illustrations, graphics, and photographs. The book may only be used in its entirety.

V. If the book is to be utilized by an institution for a student course, it may not be distributed to students through a download site operated by the institution or any other means. Student access to the book may only take place through the Physics Curriculum & Instruction website.

Fundamentals of Modern Physics by Peter J. Nolan is published and copyrighted by Physics Curriculum & Instruction and is protected by United States and International Copyright Law. Unauthorized duplication and/or distribution of copies of this electronic textbook is a violation of copyright law and subject to severe criminal penalties.
